

FACULTY POSITION

YALE UNIVERSITY

DEPARTMENT OF MOLECULAR BIOPHYSICS AND BIOCHEMISTRY

The [Department of Molecular Biophysics and Biochemistry](#) at Yale University seeks applicants for a faculty appointment in an area of biophysics and structural biology, with a concentration in electron cryo-microscopy (Cryo-EM) and an anticipated start date of July 1, 2017. The search is for exceptional candidates at either tenured or non-tenured ranks. Yale is establishing a state of the art microscopy facility for the use of its faculty, including a Titan Krios microscope. Candidates are expected to contribute to the department's teaching program at the undergraduate and graduate levels and hold a Ph.D. or equivalent degree at the time of hire. Our department, which is located both in the Faculty of Arts & Sciences and in the School of Medicine, spans a broad range of areas including biochemistry, structural biology, molecular biology and molecular genetics. Applications should include a curriculum vita, cover letter, a statement of research interests, a teaching statement, three confidential letters of reference, and preprints of any papers in press. Completed applications should be submitted online at <http://apply.interfolio.com/39628> and addressed to:
