

MB&B C Wing Hall Seminar

We use these rules in organizing the content of the C-wing hall seminar:

Attendees: Meetings begin at **9:00am sharp**. Please don't disrupt the meeting by entering the room late. It is very rude and disruptive to arrive late, so please be on time

Speakers:

1. Arrive early to set up so that the talks can begin at precisely 9:00. Give a 20-25 minute talk followed by a short discussion period. Any talk exceeding 25 minutes will be cut off. Your talk plus questions should not exceed 30 minutes. Please monitor the time, so that you do not cut into the second speaker's time or prevent people from getting started on their busy day.
2. Recently arrived postdocs can present work from their previous lab.
3. We suggest dividing your presentation time up as follows:
 - a) Start with a ~5 minutes of background, putting your project into the big picture. Remember that there will always be people in the audience new to the meeting who are unfamiliar with the field you work in or the work of your lab.
 - b) Spend <5 minutes reviewing your previous work on the project.
 - c) Spend 10-15 minutes presenting your experimental work since you last gave Hall meeting.
 - d) Make sure you explain what your results mean and what you plan to do next.
4. Practice giving your talk for a group of your lab colleagues before giving it at hall seminar.
5. If you want to switch speaking slots, **you must arrange for this on your own**, and also inform susan.baserga@yale.edu and shanna.dickinson@yale.edu of the change.
